Letters after the variety name indicate resistance to:

V - Verticillium Wilt
F - Fusarium Wilt
FF - Race land 2 Fusarium Wilt
N - Nematodes

T - Tobacco Mosaic (Crown Wilt)
A - Alternaria Alternata
L - Leafspot (Septoria)
ST - Stemphylium (Gray Leaf Spot)

Better Bush -VFN

72 days to mature. Average size 6 oz. Big, delicious tomatoes all season on a compact plant. Firm, sweet and flavorful. Bears continuously till frost. Short sturdy stems need little support. Indeterminate.

Better Boy -VFN

70 days to mature . Average size 16 oz. Smooth fruit with excellent flavor just right for slicing. High yields. Indeterminate.

Early Girl Improved -FFVF

52 days to mature. Average size 4 to 6 oz. Vigorous plants bear heavily throughout the summer. Smooth skinned with a delicious flavor. Earliest slicing tomatoes. Indeterminate.

German -Potato Leaf

80 days to mature. Average size 16 oz. Vigorous plants produce large pink meated fruit. Smoother than most German tomatoes. Indeterminate.

Roma -VF

76 days to mature. Average size 2 to 3 oz. Dozens of bright red, pear shaped fruits with meaty interiors and few seeds. Most widely recommended for paste. Indeterminate.

Champion -VFNT

62 days to mature. Average size 10 oz. Solid, meaty and just the right sweetness. Bred especially for sandwich goodness. Produces high yields. Indeterminate.

Beefmaster -VFN

80 days to mature. Average size 18 oz. Vigorous vine produces an unbelievable quantity of mouth watering, very meaty fruits. Tolerant of cracking and peeling. Indeterminate.

Celebrity -VFFNT

70 days to mature. Average size 8 oz. Strong plants produce large glossy fruit. Very disease resistant. Performs well in adverse climates. Resistant to cracking. Determinate.

Pink Girl - VFAST

75 days to mature. Average size 8 oz. Smooth, pink-skinned fruits have exceptional, sweet flavor. Crack resistant & very productive. Indeterminate.

Sweet 100

65 days to mature. Average size 1 inch. Bears 100 or more very sweet fruits, in clusters on long branches. Indeterminate.

Lemon Boy -VFN

72 days to mature. Average size 7 oz. Large lemon-yellow fruits are meaty and have a mild flavor. Very productive. Indeterminate.
